

Dear Parents,

As part of our commitment to educating the whole child, we are happy to be able to offer your preschooler a free developmental screening at Saint Mary School, through Mobile Therapy Centers of America (MTC). MTC is a private multidisciplinary practice out of Libertyville, IL, whom we have partnered with for the past several years to deliver services to our Saint Mary School students during the school day.

These preschool screenings are optional and come at no cost to Saint Mary School or your family. An MTC screening, with highly qualified, licensed and credentialed therapists begins the process of determining if your child's development is progressing as expected. Screenings are typically 10-15 minutes. Input from parents as well as teachers combine with the results to support the collaborative process of understanding best resources and recommendations for your child.

For further information on MTC screenings and consultations please visit the MTC website at:

<http://mtcus.com/partnerships/screenings-consultations/>

If you are interested in having your child screened, please complete the screening form through the link below, no later than March 24, 2017.

<https://rightsignature.com/forms/MTC-On-Site-Permi-484719/token/955b9b0fefa>

If you have any questions about the screening, please contact your child's teacher, directly.

Mrs. Nikki Raftery,
Principal
